FIG. 14

FIG. 14 is a cross-sectional view of the device according to the invention, showing the central shaft (15) and the housing (20) with the flange (28) and the series of holes (40). The central component (11) is shown in cross-section with the piston-like structure (12) inside. The bearings (52) support the shaft (15) and the central component (11). The housing (20) is shown in cross-section with the flange (28) and the series of holes (40). The assembly is shown in a cross-sectional view with various components labeled with numbers: 11, 12, 15, 20, 23, 28, 31, 40, 41, 52, and N.
